Welcome to Aberdeen Proving Ground (APG)!

Family and MWR mission statement is that the U.S. Army is committed to the well-being of the community of people who serve and stand ready to defend the nation. Our Mission is to serve the needs, interests and responsibilities of each individual in the Army community with support and leisure services designed to enhance the quality of their lives for as long as they are associated with the Army, no matter where they are. We protect our customers’ access to our many programs by maintaining service quality, which ensures that our programs deliver real value, are truly enjoyed and have adequate participation to guarantee their availability when needed. We make sure our customers have access to the services they want and need by informing them and connecting them to our broad range of programs — from family, child and youth services to recreation, sports, entertainment, travel and leisure activities.

We pledge to meet the needs of our customers — Active, Reserve, and Guard soldiers, civilian employees, retirees, all respective Family members, APG DOD contractors and other eligible participants — with Family and MWR services comparable to those available off the installation.

Sincerely,
Michael Lupacchino
Director, Family & MWR

IMPACT AID SURVEY

- Federal Impact Aid is a law that provides a way for the federal government to reimburse local school districts for the loss of property and business tax support associated with federally connected students residing on/off base in the district.

- The funding that your child’s school receives in Impact Aid directly impacts his or her education by providing replacement funding for operating expenses such as materials, equipment, staff, special education programming, and building improvements as part of the general funding of the district.

What Can I Do As A Parent?

Each year your child receives a Federal Survey Form that requests confidential information regarding his/her federal connection (including military and civilian family members). Simply by thoroughly completing and promptly returning this brief survey, you contribute to your child’s school funding!

- Incomplete surveys cannot be submitted for Impact Aid; thereby creating a loss of funding for the district.

- Information provided is protected under Privacy Laws.

Surveys are given out in the 1st Quarter of the school year.
Child & Youth Services (CYS) Sports & Fitness Program offers various opportunities for children to participate in sports. The program provides support for children, ages 3-18 years to encourage healthy, life-long habits.

Volunteer coaches are needed to help make our youth sports a success. All coaches are trained and certified by the National Alliance of Youth Sports (NAYS).

Players must be registered with CYS in order to enroll in a sport.

1. **You Tell Us What You Think** – Using submission forms found throughout the APG Community and on the APG website, submit your ideas, concerns, or suggestions.

2. **AFAP Listens and Acts** – Once an issue is received, it is reviewed by local volunteers, discussed at monthly forums, and submitted for action at the APG annual AFAP Conference.

3. **Together We Find A Solution** – Although some issues take time or are proven unattainable, every issue is reviewed, monitored, and tracked until a resolution is found. Most issues can be handled locally and are sent to the appropriate directorate for resolution. Those issues beyond the scope of FORSCOM may then be forwarded on to the Headquarters, Department of the Army (HQDA) AFAP Conference.
