### IMPACT AID SURVEY

- Federal Impact Aid is a law that provides a way for the federal government to **reimburse local school districts** for the loss of property and business tax support associated with federally connected students residing on/off base in the district.
- The funding that your child's school receives in Impact Aid **directly impacts his or her education** by providing replacement funding for operating expenses such as materials, equipment, staff, special education programming, and building improvements as part of the general funding of the district.

### What Can I Do As A Parent?

Each year your child receives a **Federal Survey Form** that requests confidential information regarding his/her federal connection (including military and civilian family members). Simply by thoroughly completing and promptly returning this brief survey, you contribute to your child's school funding!

- Incomplete surveys cannot be submitted for Impact Aid; thereby creating a loss of funding for the district.
- Information provided is protected under Privacy Laws.

***Surveys are given out in the  
First Quarter of the school year.***

## **Army Family Action Plan (AFAP) <https://>**

The Army Family Action Plan provides a way for Soldiers, Family members and Civilian employees to let the Army leadership know what works, what does not work, and how things can be changed to improve the quality of life within the Army community.

- 1. **You Tell Us What You Think** – Using submission forms found throughout the APG Community and on the APG website, submit your ideas, concerns, or suggestions.*
- 2. **AFAP Listens and Acts** – Once an issue is received, it is reviewed by local volunteers, discussed at monthly forums, and submitted for action at the APG annual AFAP Conference.*
- 3. **Together We Find A Solution** – Although some issues take time or are proven unattainable, every issue is reviewed, monitored, and tracked until a resolution is found. Most issues can be handled locally and are sent to the appropriate directorate for resolution. Those issues beyond the scope of FORSCOM may then be forwarded on to the Headquarters, Department of the Army (HQDA) AFAP Conference.*
